

The core downtown streets of Pullman are restricted to two-hour parking. There are some long-term parking lots where parking is available for extended periods. Overnight parking (3am to 6am) is restricted on all downtown streets and parking lots, to accommodate street maintenance efforts.

The two-hour parking restriction is enforced Monday through Sunday, 8am to 6pm. Downtown parking restrictions are not enforced on Sundays, holidays, or under special circumstances approved by the Chief of Police.

A limited number of parking permits are available for certain City-owned parking lots. There are some restrictions as to who can purchase permits for specific lots. Residential downtown permits are also available to residents who live in the downtown area, but are valid only in the lots on NE Spring Street and at the corner of N Grand and NW Whitman Streets.

With the exception of residential permits, overnight parking (3am to 6am) is prohibited, even with a permit.

Persons with disabilities, who have a valid state-issued handicap placard, may park for extended periods in the downtown area. (The 3am to 6am parking restriction still applies.) In order to avoid an infraction, the placard must be clearly visible to officers, and the vehicle must be legally parked. (Note: WSU-issued handicap permits are not valid for use off-campus.)

Enjoy Downtown Pullman
