UNITEDNETWORKSOFAMERICA.COM

Proud Supporter of:

Free Prescription Savings Coupon Card

United Networks of America offers your organization the unique opportunity to private label a FREE prescription coupon card for your clients, members, friends, and family. This coupon card can greatly reduce prescription costs at thousands of pharmacies across the country.

Program Advantages

The coupon card is FREE for everyone.

Add prescription discounts and value at NO COST to your organization.

GENERATE REVENUE: Your organization would generate revenue through a commission paid to you on each paid compensable prescription processed through the program. The revenue share grows as the program expands.

All partners (including physicians) of the UNA Prescription Savings Coupon Card have the option to private label the program with their logo/branding, so your organization gets credit for providing these savings.

UNA provides the most innovative member fulfillment solutions and options in the industry. Member fulfillment may be accomplished via hard coupon cards, electronic coupon cards generated on website, and via e-mail coupon cards. All coupon cards are pre-activated and can be used immediately.

Marketing Materials

This program is HIPAA compliant and requires no enrollment, has no restrictions or eligibility requirements, there is no age or income requirements/limits, no waiting periods, no exclusions, no pre-existing condition exclusions, no claim forms to file, no annual or lifetime limits/maximums, includes discounts on brand and generic medications, and has an open formulary so all medications are eligible for potential discounts.

Through this program your members will receive savings of up to 80% on most brand and generic medications. The program may be utilized at more than 68,000 national and regional pharmacies.

This program makes prescriptions more affordable for the uninsured and the underinsured, and may even provide savings even if the patient has a health insurance plan (Non-Covered Medications, Health Savings Accounts (HSA's), High Deductible Plans or Medicare Part D). The program may also be used instead of your insurance coverage when it offers greater savings than your copay.

THIS PROGRAM IS NOT INSURANCE.

Most major pharmacy chains nationwide participate.

This is a partial list of participating pharmacies:

United Networks of America

VISION: To provide a program that makes prescription medications more affordable for the uninsured and underinsured.

MISSION: To provide our clients with superior solutions and service and to deliver the best pricing by leveraging high member volumes and lower margins.

United Networks of America, Inc. is one of the largest providers of value-added discount products and services in the United States. UNA currently has more than 240,000 participating providers serving more than 120 million members nationwide. Through 2021, we saved our members an estimated \$10 billion dollars. UNA is a privately held company operating with no debt.

UNA is synonymous with exceptional service and innovative solutions. We offer a quick, courteous and accurate response to our customers through knowledgeable customer service representatives. We leverage technology to enhance our servicing capabilities and to provide "real-time" solutions to our customers. We are committed to expanding our membership base by providing greater flexibility and superior service! That's our commitment to you! That's UNA!

United Networks of America References:

"United Networks of America has been a fantastic partner for Children's Miracle Network Hospitals, helping to donate more than \$2.7 million dollars to local children's hospitals across the United States since the partnership began in 2015. These critical funds support charitable care, equipment, research, education, special services, and custom needs for hospitals that provide 32 million treatments each year to kids when they need it the most. We're thankful for the support of United Networks of America and their state programs, and for the miracles they have helped create at our local hospitals."

STACI CROSS

Vice President, **Children's Miracle Network Hospitals**

"The New Hampshire Rx Card and United Networks of America offer our members real value and savings toward prescription drug purchases. Our members appreciate the Rx Card and our partnership with UNA is a great one. It enhances our value proposition and brings additional, tangible benefits to our members. Affinity programs such as this one are increasingly important to a chamber's success."

JIM ROCHE

President, **New Hampshire Business & Industry Association**
603-224-5388 • jroche@nhbia.org

"Accelerate Indiana Municipalities (AIM) and United Networks of America (UNA) share positive similarities. Our organizations each desire to make Indiana communities stronger through our commitment, purpose and service. AIM is committed to working with UNA to promote the prescription discounts and also the other healthcare savings packages to all Indiana cities and towns. The partnership between our two organizations will help us continue to build stronger and healthier communities. UNA continues to consistently deliver on all the commitments they made to our organization."

MATT GRELLER

Chief Executive Officer, **Accelerate Indiana Municipalities**

"United Networks of America (UNA) combines excellent products with superior service. Our Chamber has received a great deal of positive media exposure as a result of the program launched through UNA. Furthermore, we have enjoyed tremendous feedback and support from the community. UNA is truly an industry leader and we encourage any business or organization to take advantage of the innovative programs they have developed."

DAVID HEPBURN

Controller, **The Chamber of Commerce for Greater Philadelphia**
dhepburn@chamberphl.com • www.ChamberPHL.com

"Mississippi Farm Bureau has partnered with United Networks of America for many years and for many reasons. Members can receive significant savings on prescriptions and have a large network of participating pharmacies throughout the state. UNA provides excellent customer service and assistance in promoting the program to Farm Bureau® members. We believe the prescription discount program provides a money-saving benefit to our members and we highly recommend a partnership with UNA."

ANGELA ELLIS

Member Benefits Coordinator, **Mississippi Farm Bureau Federation**
aellis@msfb.org • www.msfb.org

"New Jersey Drug Card and United Networks of America (UNA) have been great to work with. They have made it easy for our physician membership to offer this Rx savings program to their patients. We believe that this program offers a viable option for those patients that need help paying for their prescription medications."

LARRY DOWNS

CEO, **Medical Society of New Jersey**
609-896-1766 • ldowns@msnj.org

"Maryland State Medical Society has teamed up with United Networks of America to launch the Maryland Rx Card Program. The goal was to provide a free discount prescription assistance program to help the uninsured and underinsured residents of Maryland. Our partnership with United Networks of America and the Maryland Rx Card Program has been extremely productive. UNA is the finest health affinity supplier in the country."
